PROJECTS

Lamborghini Landing Page

Tech Stack: **React, Tailwind CSS**

A modern landing page with scroll-triggered animations and responsive design, showcasing the Lamborghini Revuelto Model.

Live: [Live Project](#) | GitHub: [GitHub Code](#)

Car Dealership Website

Tech Stack: **React, Tailwind CSS**

A responsive multi-page car dealership site with animated transitions and dynamic routing. Features include interactive car listings, smooth scroll effects, and a clean UI.
